

Retain existing rebound wall and court for ball games  
Possible location for future relocatable  
Bike shed relocated and extended  
Find alternative location for bike shed in future

Allow narrow garden bed for climbers to screen car park  
Edible garden and outdoor learning space.  
Formalise existing carpark to increase efficiency of parking (detail design required)

Add wayfinding signage at entrance to assist visitors  
Realign paths to reflect desire lines and improve appearance of this entrance.

Low seat wall facing courts  
Row of deciduous trees in a garden bed to provide shade and gathering place. Long bench (could be of varying heights) facing classrooms

Proposed new brick double storey building (subject to future funding)  
Small deck for assembly  
Remove existing small shed

Replace existing trees (Melia sp.) with non-fruiting, low-allergen species  
Existing shed to be retained and updated  
**Sandplay Area** - increase sand play area and form edges with rocks, logs and accessible beached edge

Relocate drinking taps  
**Outdoor learning area** - timber deck with pergola over and small garden bed at one end to allow for a climber, eg ornamental grape, to provide autumn colour and shade in summer

**Foundation Year Play Area** - remove existing play equipment and redevelop play area. Detailed design required in consultation with school community.

**Boundary** - proposed new fence & gate  
**Entry** - modifications to entry required to allow for universal access (ie. ramp). Add wayfinding signage near front gate to assist visitors.  
Retain and protect existing hedge and trees in front garden. Extend garden bed to create an enclosed space whilst maintaining view into garden from entrance.

ARKARINGA CRESCENT

Continue the existing planting program around boundaries of relocatable class rooms

Consider options for repurposing this building to create toilets and change facilities. Renovate to amalgamate Stadium and Hall. Refer to building plan.

New raised beds around existing water tanks to capture runoff.

Potential location for gardening shed and compost

Consolidate understorey native planting beneath existing trees

Re-surface asphalt where uneven

New surface to full size Netball & Basketball court (such as 'Plexi-Pave') with new linemarking. Engage lighting specialist to determine locations and type of lighting required to be code compliant (training levels only). May be possible to attach lights to existing buildings.

Additional Mini Netball courts with removable goals and linemarking for Netball have been determined by space available and as directed by school.

New concrete  
Existing mural on brick wall to be retained

This area subject to future detail design

Existing brick paths to be retained

- LEGEND**
- Existing Trees to be retained
